THE GREAT FLOOD.

700 Square Miles Under Water.

THE DAHOMIANS DEFEATED.

President Carnot's Trip in Corsica.

A Policeman's Desperate Fight With Tongha.

The Mississippi Flood.

BAYOU SARA, April 23.—Another break occurred last night in the Point Coupee levee, and the indications are that Point Coupee front will be submerged. The water is pouring through the crevasse at Morgansea, and in that vicinity will overflow a greater portion of the country between Atchafalaya and Mississippi rivers, extending from the old river above to Bayou Lafourche below, embracing 700 square miles. No news has been received from the interior of Point Coupee Parish, but the relief boats are taking care of all of those who reached the levees. As the critical condition of the levees has been known for some weeks, the hope is entertained that all will have, in a measure, prepared for the worst, and that no loss of life will result from the breaks along the front.

President Carnot in Corsica.

PARIS, April 23.—The train on which President Carnot was traveling from Ajaccio, Corsica, was prevented from reaching Bastia on time by the derailment of a train preceding it. At Corte, 31 miles southwest of Bastia, Carnot received the municipal authorities. He made an address, in which he congratulated them that dissensions on Corsica had ended. The track was finally cleared, and when the President reached Bastia he was welcomed by an immense crowd.

"Turn the Hascals Out."

COLUMBUS, Ind., April 23.—The Auditor of this county has just issued his annual report, which shows that \$2,127.37 of the county funds has been expended during the last year in holding inquests in this county to determine the mental condition of thirty-one persons, five of whom were found to be of unsound mind and are being cared for by the State. Two Democratic Justices of the Peace and two Democratic doctors have helped to distribute this enormous sum of money.

The Dahomians Slaughtered.

PARIS, April 23.—Advices from Lagos state that the French garrison at Porto Novo, having been warned that the Dahomians were advancing upon the place, advanced to meet the enemy, and a battle took place, lasting two hours. Five hundred Dahomians were killed, and fifty Frenchmen were wounded.

Has a Crooked Appearance.

NEW YORK, April 23.—United States District Attorney Edward Mitchell was before the Committee on Immigration to-day. He testified that the delay in the prosecution of immigration cases was on account of the overcrowded condition of the calendar.

A Fight With Roughs.

ST. PAUL, April 23.—In a fight with a gang of toughs last night police officer Peterson was beaten until insensible, but not before he had mortally wounded one of his assailants. Peterson's recovery is considered very doubtful.

A Fight With Roughs.

CHICAGO, April 23.—The pool rooms were running in full blast again to-day and were not interfered with by the police. The women coat and vest makers threaten to strike for eight hours. The striking brickmasons have returned to work.

Another Cyclone.

AUSTIN, Texas, April 23.—The little town of Kyle, twenty miles south of here was visited by a cyclone last night and many houses were overturned and several swept away. Several persons were injured. The destruction of fences, growing trees and crops was very great.

No Strike on the New York Central.

NEW YORK, April 23.—No strike has yet occurred on the New York Central.

Congressional Matters.

WASHINGTON, April 23.—The bill providing for the inspection of meats for exportation, and prohibiting the importation of adulterated articles of food or drink was acted upon favorably by the House Committee on Agriculture to-day.

The House Committee on Public Buildings and Grants, authorized a favorable report on the bill for a building in Butte City, Montana, to cost \$150,000.

The Committee on Foreign Relations reported back (in lieu of Reagan's bill concerning irrigation of arid lands in the valley of the Rio Grande river) a concurrent resolution requesting the President to enter into negotiations with Mexico on the subject. Adopted.

HOUSE.

HARMER of Pennsylvania presented a memorial of the Manufacturers' Club of Philadelphia in favor of prompt action on tariff legislation, which shall check the importation of articles produced by our own people. Referred.

The Whole went into Committee.

The Whole went into Committee of the Whole on the legislative appropriation bill, the pending question being a motion to strike out the clause providing clerks for Senators. Lost, 85 to 87.

A Possibility of a Colored Cadet.

WASHINGTON, April 22.—The appointments of naval cadets are beginning to flow into the Navy Department to fill vacancies that will be caused by the graduating class in June, but there is one vacancy already existing that is not yet filled, and that attracts some attention among the officers. This vacancy is to the credit of Representative Cheatham of the Second District of North Carolina, the only colored man in Congress, and it therefore becomes a direct probability that the new cadet will be of the dark race. This will be the second instance of the kind, and the outcome will be noted with intense interest by every man in the service. But Cheatham is holding off without giving any indication of what he intends to do, and probably will not announce his appointment until late in the season.

Thieving Officials.

ULYSSSES (Kan.), April 23.—County Clerk G. W. Earp, County Commissioners D. C. Sullivan and C. L. Green, and F. M. Lenhart, J. D. Barbour, O. A. Robinson and George Dougherty have been arrested for swindling the county on the bounty offered by the county for wolf scalps. It is charged that the four citizens last named conspired with the County Clerk and Commissioners. One of them would present a bag of scalps and get his bounty. The bag would then be put where it could be stolen, and again presented. This was repeated until the county was swindled out of \$16,000, representing 250,000 scalps.

Why He Resigned.

BOSTON, April 23.—Rev. P. A. Mackenna, Vice-President of the Irish National League, sends a communication to the press resigning his position. He assigns several reasons for his action, the most striking being the following: "I, for one, will not submit to such leadership of assassins!"

He denounces a letter sent by Dr. O'Reilly of St. Louis to Dillon, M. P., and says O'Reilly's statement is false about delegates last week assembling from "every State in the United States." He says the National League has no existence in this country at the present time, and denounces the Clan-na-Gael method.

A Fatal Affray.

CHARLESTON, S. C., April 23.—News has been received here of a riot among citizens of Micoorjik, S. C. A man named Starkey reported druggist Calhoun for selling whiskey on Sunday, and Calhoun shot the officer sent to arrest him. Other citizens took part and a general fight ensued, in which several persons are said to have been shot. P. B. Calhoun is the only man known to have been fatally shot.

Pool Rooms Running—Threatened Strike.

CHICAGO, April 23.—The pool rooms were running in full blast again to-day and were not interfered with by the police. The women coat and vest makers threaten to strike for eight hours. The striking brickmasons have returned to work.

Another Cyclone.

AUSTIN, Texas, April 23.—The little town of Kyle, twenty miles south of here was visited by a cyclone last night and many houses were overturned and several swept away. Several persons were injured. The destruction of fences, growing trees and crops was very great.

No Strike on the New York Central.

NEW YORK, April 23.—No strike has yet occurred on the New York Central.

CHINAMEN CAPTURED.

Heavy Loss by Fire in Rochester.

A TEST OF MIND READING.

Ex-Congressman Thomas B. Shannon Remembered.

Testimony in the McCalla Court-Martial Case.

Mind Reading.

WASHINGTON, April 22.—A mind-reading test was given by J. Randall Brown last night in the presence of a large party of Congressmen and others. An insulated copper wire was used. One end of it was placed by Brown across his forehead. The other end was taken possession of by a gentleman selected from the party, and a stranger to Brown. At a signal this gentleman placed the end of the wire upon his own forehead, opened his watch and looked at the number engraved upon it. Brown, at the other end of the wire, and with his eyes blindfolded, wrote the number, figure for figure, upon a blackboard. The test was performed under such conditions as to make fraud or trickery impossible. The gentleman who opened his watch frankly admitted that he did not know what the number was until then. The figures were small. He made a mistake in one of the figures, thinking a six was a five. The mental telegraph was true to the blunder. The figures which Brown traced upon the blackboard were exactly as the gentleman thought he saw them in the watch. There was absolutely no possibility of communication between the two men except by the wire. It was a clear case of mind-telegraphing to mind.

Ex-Governor James Pollock of Pennsylvania, who died Sunday, held the wire at Wilmington, Del., not long ago, while Brown at the Philadelphia end, twenty-eight miles away, successfully wrote numbers on which Pollock held his mind. This wire feat of Brown's is far in advance of anything which has hitherto been performed in the way of mind-reading.

An Infernal Incendiary Attempt.

TOWANANDA, N. Y., April 23.—A fire was discovered in the yard of the Towananda Lumber Company last night, and at midnight another fire broke out in the yards of A. M. Dodge & Co., in another quarter of the town. Both fires were subdued after a hard fight. Considerable excitement was caused by the discovery that the wires of the fire alarm system had been cut in several places. The general opinion is that it was a deliberate plot to burn the town.

Fatal Boiler Explosion.

NEWCASTLE, Pa., April 23.—An explosion occurred at Etna mills this morning, killing three men and wounding several; six others, two of whom will probably die. While the men were working, the flue end of the big boiler collapsed with a deafening report, and in a moment the place was drenched with steam. The killed are George Klingensmith, John Welsh and Johnny Murphy.

Steamship Arrivals.

NEW YORK, April 23.—The Majestic arrived this morning.

MOBILE, April 23.—The Ethiopian, from New York for Glasgow, arrived here to-day.

HAMBURG, April 23.—The Regia, from New York, is here.

NEW YORK, April 23.—The Teutonic from Liverpool arrived here to-day.

LONDON, April 23.—The France from New York has arrived.

A Heavy Fire Loss.

ROCHESTER, N. Y., April 23.—John M. Wagner's five-story block burned this morning—loss on building, \$65,000. Weaver, Thomas & Kirk, shoe manufacturers, loss \$80,000, and Langlow, Foller & Co., leather, plush, carpet and chair manufacturers, loss \$50,000.

No Loss of Life.

ROCK SPRING, Wyo., April 23.—There was no loss of life in the coal mine fire here last night. The mine was sealed to extinguish the fire.

A Good Nomination.

WASHINGTON, April 23.—The President sent to the Senate the nomination of Thomas B. Shannon of San Francisco as Receiver of Public Money.

Damaging Evidence.

NEW YORK, April 23.—The McCalla court-martial was continued to-day. The Judge Advocate read from the log book a list of the punishments inflicted on the cruise, upon which the charges were based.

Louis Meyer, a seaman's apprentice on the Enterprise, testified that McCalla threatened to kill him for smiling at him at Tamatally, Mozambique.

S. R. Graham testified to having been five days in double irons at Antwerp, then released and told the punishment was inflicted "under a misapprehension."

George R. Ross, boatswain mate, testified to being in a straight jacket at Lisbon, Portugal, in 1888, for ten hours.

Chinese Smugglers Captured.

BUFFALO, April 23.—The United States customs inspectors last night captured three Chinese smugglers at the foot of Hertel Avenue, Black Rock. In their possession was found several hundred dollars worth of opium. They had crossed the river in a small boat and had a wagon in waiting on this side. The party had landed from China at Vancouver and traveled through Canada to the suspension bridge, from where they drove up to Fort Erie. They were on their way to New York.

Filthy Condition of an Emigrant Ship.

NEW YORK, April 22.—The Senate Immigration Investigation Committee boarded the Fabre Line steamer Piotrov, from Naples, with 1,789 Italians. Chairman Ostrin says the condition of the ship is horrible, and that there is not a lively stable in New York which is not keener cleaner. The stench was awful. The Chairman told the Captain that they would take care that he brought no more passengers over in this manner.

Victoria in Germany.

BERLIN, April 23.—Queen Victoria arrived at Darmstadt to-day. Her Majesty was received at the railway station by the municipal authorities and other prominent officials. A guard of honor was also present.

Two People Cremated.

JACKSON, Miss., April 23.—Information has been received here of a fire which destroyed the entire business portion of Greenwood, Miss., last night. Thirty-three houses were destroyed and two lives lost.

Death of a Railroad Man.

PHILADELPHIA, April 23.—Samuel F. Pierson, late Commissioner for the trunk lines at New York, who had been seriously ill for several weeks, died here last night.

Returning to Work.

VIENNA, April 23.—All the strikers in Austria and Karwin, except 1,500, have resumed work.

5 O'CLOCK EDITION.

SILVER is gaining new friends daily, and the GAZETTE inclines to the belief that if the Republican members would stick for free coinage and accept of no compromise, they would bring the gold bugs to time. At all events, it will be time enough to accept the Jones or Windom bill after a free coinage measure has been defeated. Senator Jones indicated in his letter to the Secretary of the Board of Trade that he found Harrison would veto any free coinage measure that Congress would pass, and that half a loaf was better than no bread. If Harrison wants to go back on his pledge taken at the Chicago convention, we say give him the opportunity to do so. Then we will all know how he stands. This playing with the silver monkey is not at all relished by the people of Nevada, and the sooner things are brought to a head the better. If Harrison desires to drive the Pacific Coast States out of the party by his animosity to silver let him do so, and the sooner we find it out the better. We believe in following the free coinage measure wherever it goes. We don't want any Cleveland, whose only ambition in life is to aid Wall street, however, nor any Henry Waterson, who will say "damu silver" when it is suggested to put a silver plank in the platform. The fact is, the leaders of both parties are anti-silver men, and unless a plank unequivocal in its meaning can be adopted that can be heartily indorsed by the candidate or candidates, whoever they may be, we say throw them both overboard and look for a man who can take the pledge and live up to it.

THE Southerners are indignant that the tour of the Pan-Americans is cut short after great preparations have been made for their entertainment. It is aggravating, particularly because by virtue of railroad projects pointing toward Gulf ports and the development of Southern manufactures, closer relations with Spanish America will soon be sought. The Bulletin says the probability is the Pan-Americans feel that they have had enough and want to get home again. California would like to welcome them, but that is presumably out of the question.

It is not generally known that the United States possesses nearly one-half of the total railway mileage of the world, and when it is considered that four-fifths of the present gigantic system of railways has been constructed since the close of the war, this fact is the more significant. The United States has outstripped other nations in many things, but more than all in the matter of its railways, which have become the greatest of all other enterprises or industries, and its magnitude greater than any other interest in the world.

THE impression among the anti-Mormon journals seems to be that the appointment of Parsons as United States Marshal of Utah was not only an insult to the entire Gentile population of that Territory, but, like Cleveland's administration, Harrison has made a flop on the Mormon question. He has probably been reading some of the Central and Eastern Nevada Democratic papers on the beauties of polygamy.

SECRETARY BLAINE has made a peremptory demand upon Guatemala for justice in the case of an American journalist in that country who has been expelled from Guatemala and his property confiscated. Here may be the first opportunity to put into practice the principle of arbitration recommended by the Pan-American Congress.

THE falling off in desertions from the army last year would seem to indicate that Secretary Proctor's reforms are having a good effect. It has been a long time since so much disposition has been shown to consult the comfort and welfare of the enlisted men.

THE law recently enacted in New York compelling the official return of campaign expenditures, while rigid in its terms, is defective in that it applies only to candidates and does not touch campaign committees, through whom most political disbursements are made.

Pure Blood

Is absolutely necessary in order to have perfect health. Hood's Sarsaparilla is the great blood purifier, quickly conquering scrofula, salt rheum, and all other insidious enemies which attack the blood and undermine the health. It also builds up the whole system, cures dyspepsia and sick headache, and overcomes that tired feeling.

Scrofula Sores.
"My adopted boy, aged 14 years, suffered terribly from scrofula sores on his leg, which spread till they at one time formed one great sore from the calf of his leg up to his thigh, partially covered with scab, and discharging matter continually. The muscles became contracted so that his leg was drawn up and he could hardly walk. We tried everything we could hear of, without success, until we began giving him Hood's Sarsaparilla. In just a month, after he had taken two-thirds of a bottle, the sores entirely healed, his leg is perfectly straight, and he

Can Walk as Well as Ever.
Hood's Sarsaparilla is the best medicine I ever saw for scrofulous humor. It has done its work more than satisfactorily." WILLIAM SANDERS, Brookdale, Milan County, Texas.

THE IMPORTED CLEVELAND BAY STALLION.

Blooming Heather,
The property of T. G. Herman, Wadsworth, Nevada.

WILL BE ALLOWED TO SERVE A limited number of mares for the season of 1890.

Commencing April 1st and Ending August 1st
At Reno and Wadsworth

PEDIGREE AND DESCRIPTION:
BLOOMING HEATHER was imported by Jessie Harris, was bred at Scampton, York, England; foaled in 1884; imported in 1886; is duly registered in Volume 1, Cleveland Bay Society of America Stud Book; was sired by Emperor (87); dam by Salton; is of a bay color, weighs 1350 pounds, and is 16½ hands high.

Will stand for the season at HYMER'S LIVERY STABLE, Reno, Nevada.

This animal is considered among the best specimens of Cleveland Bay Stallions in America, and an examination of his points will convince the most skeptical that the claim is not unbecome, but is founded on fact. For terms, particulars, address, **T. G. HERMAN, Owner,** Wadsworth, Nev.
